The Diamond Package is the ultimate in traditional wedding packages. Your Wedding Day is the most special day of your life and this day should be captured in a beautiful and exquisite package that meets your every desire and expectation. Your Wedding will be photographed by 2 experienced photographers to offer a fuller coverage of your day and it includes both the traditional 10"x10" Album and contemporary DVD Portfolio.

The Diamond Package includes a 30 page 10"x10" hand made Italian Leather Wedding Album. This album holds up to 90 images of your choice, and a DVD Portfolio, which includes all the images taken on your Wedding Day in a high-resolution printable format in a beautiful presentation box.

The Platinum Package covers the main elements of your Wedding Day, approximately 6 hours of coverage, and can include:

- Bridal Preparations
- The Groom and guests arrival at the Wedding venue.
- The Brides arrival.
- The Ceremony.
- Signing of the Register.
- Formal & candid reception shots.
- The cutting of the cake.

Shortly after the Wedding, we shall email you a link to your online photograph album. Please ask in advance if you would like the web address (URL) of your online album so it can be printed on your Order of Service. Your DVD Portfolio will arrive shortly after.

From your online gallery and DVD Portfolio you can choose the 90 images you would like to be included in your Wedding Album.

Don't worry if there is too much choice, we are pleased to help with this process – just ask! Once we have received your photograph choice we will design your album and present you with a PDF of the layout for approval before the album is produced, to ensure that it is perfect for you.

Please Note: Nothing is cast in stone – if this package doesn't suit you we can adapt it to your requirements!

"The Finer Details..."

- A Pre Wedding meeting is arranged two weeks before your Wedding Day for an informal chat with your partner to review possible photograph locations and essential family photographs. We encourage you to talk about any special requests and requirements that you may have, so that we are able to build a full picture of your likes and dislikes. In addition, to previously agreed family and friend's group-photographs, we will always be on the look out for informal pictures, which add spontaneity to your memories of the day.
- Before your special day, I will organise a pre-wedding visit to the venues to meet the relevant organizers to ensure that the photography on the day compliments the service and venue.
- For everybody's peace of mind, we will arrive in plenty of time before the Ceremony and will begin by taking initial pictures of the groom and best man, followed by the arrival of the bride. If permission is given, I will take discreet pictures during the Ceremony to capture the atmosphere as events unfold. I will also whisk the Bride and Groom away for a few minutes to capture some extra special portraits – either at the church, reception venue or a local attraction.
- At South Cheshire Studios we do not charge extra for two or more wedding locations or any travel expenses within the North West of England. In addition, unlike most studios, all post wedding digital processing, which includes airbrushing and re touching to remove minor blemishes where appropriate is included in the price to ensure that you are looking your very best on your big day!

We also provide albums, enlargements, Pre-Wedding/Engagement Photo Sessions, "Trash the Dress" Photograph Sessions. You can upgrade your package by including additional photographers or time for a fuller coverage, parent and guest albums and additional DVD Portfolios.

All booking fees are non-refundable and are required at the time of confirming the booking. All remaining fees must be paid at least 28 days before the wedding date.

- Don't dress children too early to ensure their dresses and suits remain clean.
- Ensure that the Groom, Best Man and Attendants are at the wedding venue at least 45 minutes before the Bride arrives. This ensures that there is plenty of time to have your photographs taken and greet guests.
- The Bridesmaids and Mother-of-the-Bride traditionally travel together to the wedding venue followed by the Bride and her Father.
- Speeches normally follow the wedding breakfast with the Brides father speaking first, followed by the Groom and finally the Best Man.

Top Tips for Saving:

- Traditionally couples choose to get married between July and September, normally on a Friday or Saturday. But suppliers often offer discounts for out-of-season or mid week weddings. South Cheshire Studios offer a 5% discount on all mid week weddings (Monday – Thursday)!
- Invite only close friends and family and then have a larger party when you return from honeymoon.
- Shop around and ask for detailed quotes so that you don't get any surprises on the invoice. Even ask preferred suppliers to match lower prices.
- The majority of your budget will be spent on catering, so why not opt for a buffet or cocktail party instead of the traditional sit down wedding breakfast.
- Organise a late service so that you only have to feed guests once.
- Serve sparkling wine instead of Champagne.
- Be creative with your decorations – double up on arrangements by using your pews ends as table decorations.
